The Audi A8 and new S8

Pricing and Specification Guide

Valid from November 2012

Personalising your Audi A8

This guide has been designed to help you tailor and price your Audi A8 quickly and logically. At the back, you will find information on CO_2 emissions-based taxation and the other services offered by Audi, including Finance and Insurance. You can also configure your Audi A8 online at audi.co.uk.

You might also like to consider Audi Complete: a simple way to take care of servicing and maintenance costs for your Audi in a single package. You pay a one-off or monthly fee and we'll cover all your servicing, maintenance and tyres for the next three years including your first MOT. It means you only have to pay for fuel, insurance and your Road Fund Licence. So you can be reassured that your car will be maintained by trained Audi Technicians, using genuine Audi parts.

Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar.

From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

IN RZ 802

The Audi A8 – state-of-the-art luxury

As you might expect at the top of the range, the Audi A8 combines timeless elegance with the latest Audi innovations. It has a high level of luxury, thanks to exquisite attention to detail and extensive specifications as standard – adaptive air suspension, luxurious seats upholstered in Valcona leather, Audi Music Interface and HDD-based navigation including MMI Touch®.

There's also pre-sense basic, which provides you with comprehensive preventive protection. This advanced safety system can detect an imminent collision and tighten the seat belts, close the sunroof and windows, and activate the hazard warning lights to alert other drivers.

You'll also be able to take advantage of predictive route data as standard, which links to our HDD Satellite Navigation system to identify bends, junctions and motorway stretches. The system then adjusts the transmission, lights and even the adaptive cruise control (if fitted) to provide optimum safety and comfort.

The Audi A8 is built on the aluminium Audi Space Frame®. Along with high-performance engines such as the 3.0 TDI® and 4.2 TDI®, it's helped to reduce CO_2 emissions by approximately 20% across the Audi A8 range. And, of course, you'll benefit from even more miles per gallon. With its refined comfort and sophisticated technologies like optional night vision, the Audi A8 is how Audi sees twenty-first century luxury car travel.

A8 interior story

We've introduced a number of finishing touches to the Audi A8 interior to make your driving experience both comfortable and unique. You'll find an impressive attention to detail in everything from the luxurious leather seating to our optional customised stitching, which means that every journey you make will be a personal one.

Engines

Petrol

FSI® direct-injection technology is a unique Audi innovation that was originally developed for the Le Mans 24-hour endurance race to deliver more power and torque, as well as enhanced fuel efficiency. Precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to ‘breathe’ more easily. It results in reduced heat loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions. For the A8 we’ve also developed TFSI®, which combines supercharging with FSI technology, giving cars an extra injection of power. The latest addition to the range is a TFSI full-hybrid which combines the award-winning 2.0 TFSI engine with a 40 kW electric motor and lithium-ion battery, allowing all-electric driving over short distances for the first time in the A8. Please see pages 16 and 30 for more information on hybrid driving.

Diesel

We introduced TDI® to the roads in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. The Audi A8’s 4.2 TDI® engine uses common-rail technology to produce more power, as well as increasing efficiency. Under this system, a series of piezo injectors use electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature, with less oxygen, which cuts down emissions.

Images are for illustrative purposes only.

Transmission

8-speed tiptronic®

The Audi A8 comes with an advanced 8-speed tiptronic® transmission system which reduces both fuel consumption and CO_2 emissions. It converts high-torque engine power into both sporty performance and operating convenience, with crisp, fast gear changes, reduced weight and an optimised gearshift strategy. More spontaneous gear changes are a particular benefit, especially when downshifting. Both in the ‘D’ (Drive) and ‘S’ (Sport) programme, the advanced electronics used in tiptronic® respond efficiently to every driver input, helping to prevent unwanted upshifts when cornering. Furthermore, this advanced gearbox can be operated entirely in manual mode, enabling the driver to change gear using the paddles, located on the steering wheel.

Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO_2 and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi A8.

Aerodynamics

A car's shape can have a big impact on its efficiency. It's why we've worked to make the A8 as aerodynamic as possible. By including technology such as adaptive air suspension that responds to changes in speed, we've ensured it has the lowest drag coefficient in its class. It means that the A8 becomes more aerodynamic at high speeds, while still offering an exceptional ride quality.

TDI® and FSI®

Inside the engine of the Audi A8 you'll find the same advanced fuel-injection technology that's driven us to win after win at Le Mans. With TDI® and FSI®, fuel is injected directly into the engine's chambers so that combustion is timed right down to the millisecond. As a result, waste is minimised and you get the most from every last drop of fuel.

Images are for illustrative purposes only.

Audi Space Frame®

The Audi Space Frame® gives the Audi A8 perfect balance on the road. As well as providing protection, its lightweight construction also allows the A8 to accelerate faster and release fewer CO_2 emissions.

Automatic Start-Stop function

In heavy traffic, your car still uses fuel and releases CO_2, even when it's stationary. The automatic Start-Stop function counteracts this problem by switching off the engine when your car comes to a standstill. As soon as you release the brake pedal, the car restarts. On the 3.0 TDI, for example, this could save up to 0.4 litres of fuel every 100km.

Recuperation

With a recuperation system like the one in the Audi A8, the kinetic energy used in braking is converted into useful electrical energy. This results in a fuel saving of up to 3%.

Audi cylinder-on-demand

High performance does not necessarily equate to higher consumption – as the engine of the new S8 proves. Using advanced cylinder-on-demand technology to automatically shut down four of the eight cylinders when they are not required, particularly in city traffic, you benefit from the efficiency and low emissions of a car with a much smaller engine. Out on the open road meanwhile, the unbridled and instantaneous power of the turbocharged V8 is ready and waiting.

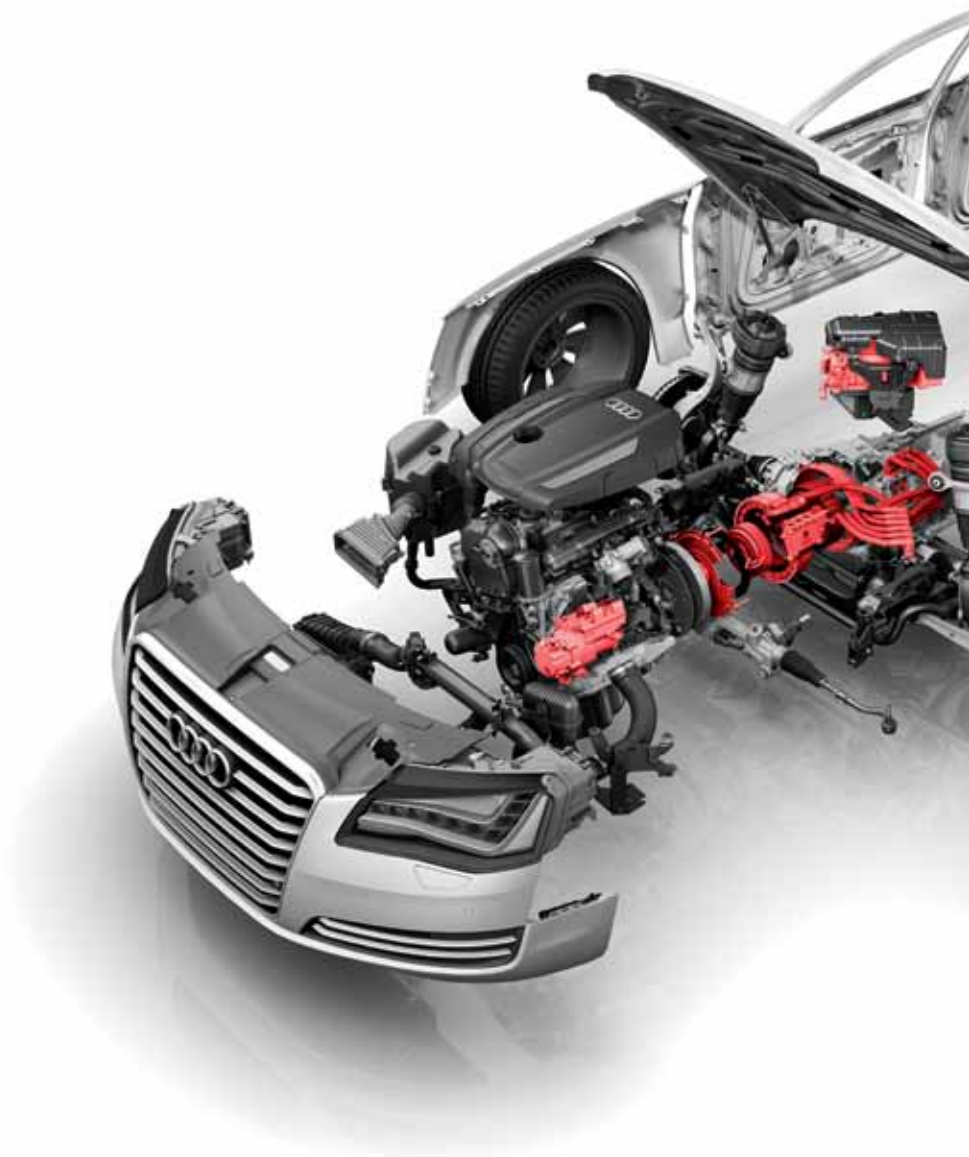
Hybrid

The Audi A8 hybrid brings all the comfort, luxury and quality of the Audi A8, combined with the benefits of a full hybrid vehicle. Audi hybrid models offer two things at once – impressive performance and low emissions. You can benefit from different driving styles and modes depending on your needs, ranging from all-electric and virtually emission-free driving, to conventional driving boosted by the electric motor to enhance performance.

Electric motor – combines efficiency and dynamism - acting as either traction engine, generator or starter depending on the driving situation and performance requirement. It has an output rating of 40 kW and a maximum torque of 210 Nm. The compact and particularly lightweight electric motor is connected to the crankshaft through a clutch – this parallel hybrid concept ensures that available power is transmitted directly.The result: convincing drive-off performance and acceleration in just about every driving situation.

2.0 TFSI engine – has received the "Engine of the Year"* award 5 times. The Audi valve-lift variable valve control system markedly improves engine efficiency and increases torque at the same time. The combination of this and the high torque available from the electric motor makes for impressive, dynamic acceleration.

Hybrid power electronics – independently control the flow of energy between the high-voltage battery and the electric motor; supplying power to the vehicle's on-board systems. The use of the latest technologies allows for high functionality within a compact design.



*The 'International Engine of the Year Awards' are awarded by renowned motor journalists from more than 30 countries.

Lithium-ion battery – determines the performance and operating range of the hybrid drive train. It has 2 major advantages compared with conventional nickel metal-hydride batteries: its high energy density means greater power output, whilst the compact construction considerably reduces its weight. This in turn benefits the vehicle's luggage space – despite the battery it has a volume of 335 litres above the loading floor. Active battery cooling improves the availability of the hybrid system and prolongs its operating life. Thus the Audi A8 hybrid is one of the first cars in the luxury class to run purely on electricity with a lithium-ion battery for a certain period.

Hybrid driving modes — the A8 hybrid can be driven purely electrically in EV mode up to a speed of 62mph for short distances. This makes for reduced emissions and almost silent driving. D mode is set up for optimised fuel consumption and main drive power comes from the 2.0 TFSI engine. The program maintains an efficient balance between fuel consumption and performance. Features of this mode include electric drive, gliding, Start-Stop, boosting and recuperation. The boosting feature enables the electric motor to boost the combustion engine, briefly generating additional output and torque for the hybrid system. The S mode features sporty engine and transmission settings and performance can be boosted by the electric motor.

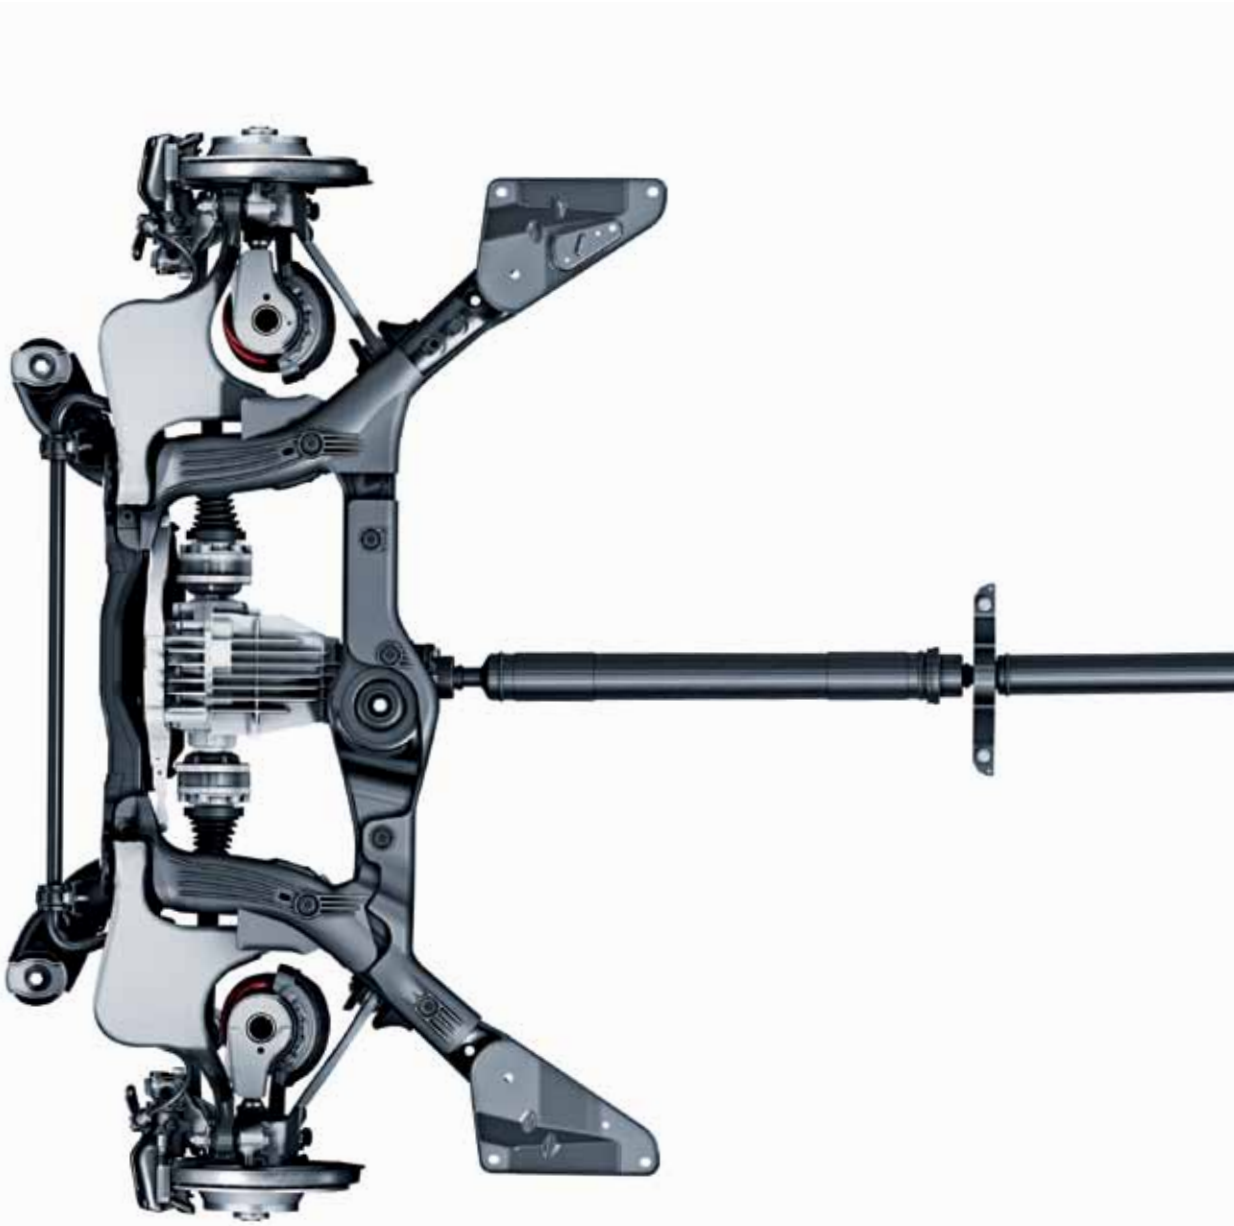
Electromechanical power steering – increases efficiency as the steering force isn't supplied by the engine, but is instead generated electrically when required.

e-automatic air-conditioning – is operated by an electric air conditioning compressor, working independently of the engine. This means climate control is always available – even in pure electric mode and with the engine switched off when the vehicle is at a standstill.

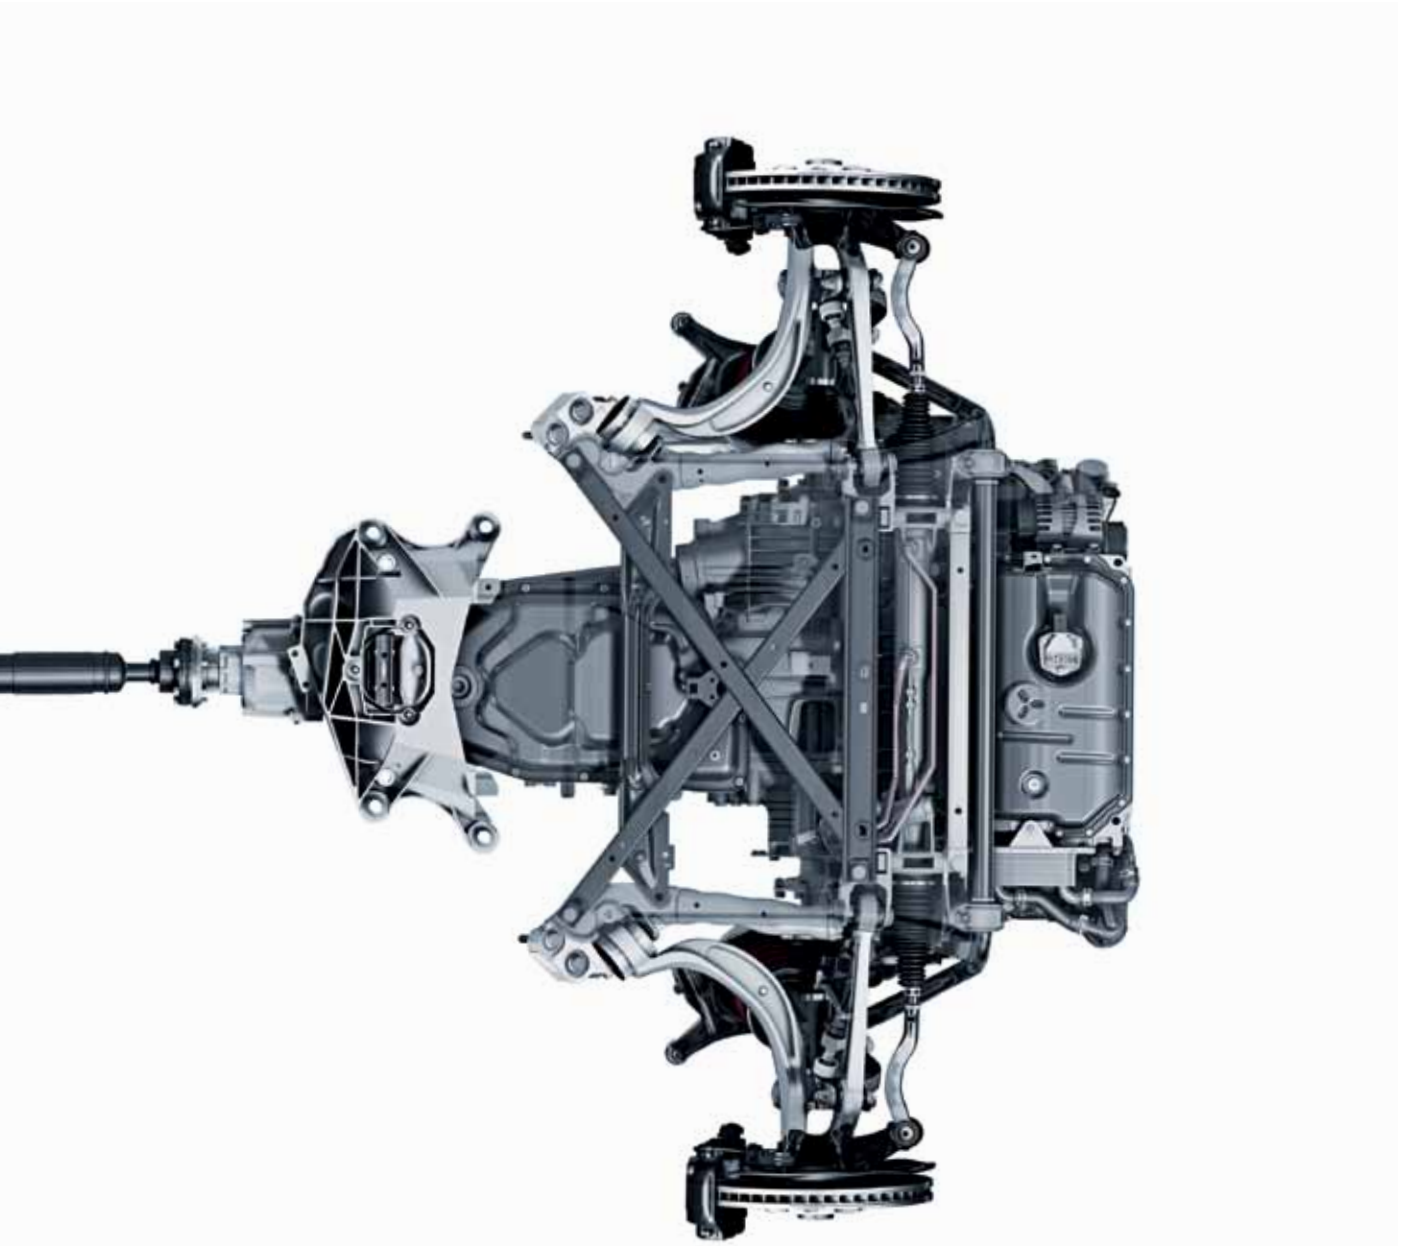
For more information regarding the Audi A8 hybrid drive please speak to your local Audi Centre.

quattro®

It's the technology that has given Audi the edge on the rally circuit ever since it was first introduced over 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the Audi A8 so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe.



Images are for illustrative purposes only.



In the Audi A8, asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles, depending on weather conditions, road surface and gradient. This leads to greater flexibility and an enhanced, sportier drive.

What's more, with the 4.2-litre TDI® engine and on the Audi S8, you'll get quattro with Sports differential as standard. Put simply, this delivers more stability and an even more dynamic driving experience, especially on tight corners or when there is a weight shift under heavy braking.

IN RZ 802

SE model equipment

All A8 SE models have the following items of standard equipment

Engine and transmission

8-speed tiptronic transmission with electronically-transmitted shift information and Dynamic Shift Programme (DSP)

Recuperation for optimal energy utilisation

Automatic Start-Stop function for greater fuel and CO_2 efficiency. Includes energy saving tips in Driver's Information System

Wheels, tyres and suspension

18" x 8J '7-arm' design alloy wheels with 235/55 R18 tyres

Adaptive air suspension with four selectable modes (Auto, Dynamic, Comfort and Lift) selectable through MMI

Audi drive select with four pre-configured modes (Comfort, Auto, Dynamic and Efficiency)

Locking wheel bolts

quattro permanent all-wheel-drive*

Space-saver spare wheel

Seats

Valcona leather

Electrically-adjustable 4-way lumbar support

Electric front seats with memory (12-way adjustable), including adjustment for:

- forward/backwards position
- seat cushion height
- seat cushion tilt
- backrest
- seat-belt height
- head rest
- Memory for driver's seat, passenger seat, steering wheel and door mirror

Heated front seats with variable temperature adjustment

Audio and communication

Audi Music Interface (AMI). Provides connection for use with USB storage devices and MP3 players, including Apple iPod generation 4 onwards and Apple iPhone. Replicates display on the audio screen and DIS, including track titles. Interface is housed in the centre console, and provides a charging function (dependent on device). Intuitive operation via the MMI or multi-function steering wheel

Audi sound system

- 6-channel amplifier
- 180-Watt amplifying capacity
- Two 200mm speakers and two tweeters in front doors
- 100mm front centre speaker
- 2-way system with 168mm wide speaker and tweeters in the rear
- 260mm subwoofer located in the parcel shelf

Gear selector lever and MMI controls

Xenon Plus headlights with LED daytime running lights

*quattro permanent all-wheel-drive is not available on the 3.0 TDI (204PS) or the A8 hybrid

Satellite Navigation system – HDD-based
- 2x SD card readers
- 3D and topographical mapping display including advanced 3D building display in select cities
- 7-digit postcode recognition
- 60GB hard drive, 20GB of which can be used to store up to 8,000 songs
- Advanced speech recognition
- AM/FM tuner with TP memo function
- High resolution (840x480) 8" colour TFT display
- MP3 compatible front-loading CD/DVD player
- Route planning and guidance using voice, pictogram and 3D mapping

MMI Touch. A touch-sensitive control panel which can be used to enter letters and numbers, scroll lists and easily move around navigation maps

DAB digital radio

Colour Driver's Information System, with 7" high-resolution display, efficiency programme and rest recommendations

Mobile telephone preparation – Bluetooth interface

Safety and security

Audi parking system plus. Aids parking by acoustically and visually indicating distances to obstacles in front of and behind the Audi A8

3-point seat belts for all seats, front with electric height adjustment and memory function

Airbags, full size, for driver and front passenger

Audi backguard head restraints

Audi Space Frame (ASF) construction with aluminium chassis

Automatic headlight range adjustment

Cruise control

Door mirrors – electrically-adjustable, folding, heated and auto-dimming

Double glazing. Improved insulation against outside noise and break-in protection

Electrically-adjustable steering column with memory and adjustment for height and reach with auto easy-entry-and-exit function

Electromechanical parking brake

Electronic Differential Lock (EDL) traction control

Electronic Stability Program (ESP) with two stage deactivation

First aid kit with warning triangle

Front passenger airbag deactivation

Headlight washers

ISOFIX child-seat mountings for outer-rear seats

LED rear lights

Light and rain sensor package. Includes automatic headlight activation, automatic windscreen wipers, coming home/leaving home function and sun band for windscreen

Pre-sense basic, which provides you with comprehensive preventive protection. This advanced safety system can detect an imminent collision and tighten the seat belts, close the sunroof and windows, and activate the hazard warning lights to alert other drivers

Rear fog lights

Servotronic steering – power steering with speed-dependent control

Sideguard head airbag system

Thatcham category 1 alarm and immobiliser

Tool kit

Tyre pressure loss indicator

Xenon Plus headlights with LED daytime-running lights and all-weather function

SE model equipment continued

Interior equipment

4-spoke multi-function steering wheel with gear-shift paddles

Auto-dimming rear-view mirror

Analogue clock in lower inlay

Comfort front centre armrest. Split for driver and passenger with fold-up storage compartments; horizontally and vertically adjustable

Cloth headlining (colour dependent on chosen upholstery) – please see page 56

Climate control with sun sensor

- Air quality sensor
- Air humidity sensor (internal and external)
- Automatic defrost function
- Cooled glove compartment
- Choice of three different climates
- Rear ventilation for footwell, centre and B-pillar
- Separate air distribution, temperature controls and display for driver and front passenger
- Sensitive moisture detectors to help avoid misted windows
- Temperature controls for footwell on driver and front passenger side

LED ambient lighting package:*

- Colour choice (Ruby, Ivory or Polar) can be controlled via MMI
- Light strip between grab handles, 2 colours
- LED footwell lights (front and rear), 2 colours
- LED entry lights (x4)
- Illuminated door pockets, 2-colour LED
- Light guide for front and rear doors, 3-colour LED
- Illuminated centre console giving ‘floating’ effect, 3-colour LED
- LED active door warning lights (x4)
- Roof module, 2-colour light strip/3-colour reflected light

4-spoke multi-function steering wheel and Satellite Navigation system – HDD-based†

LED ambient lighting package

*2-colour: Polar or Ivory. 3-colour: Polar, Ivory or Ruby.
†Actual finish of multi-function steering wheel may differ from image shown.

Extended aluminium look in interior
- Brushed aluminium silver switches in lower inlay, centre console and door
- Air vent slats and thumbwheels in chrome trims
- Aluminium inlay on folding compartment in door armrest
- Stainless steel boot sill protector

Front and rear floor mats

Front passenger storage
- Cooled glove compartment
- Door storage pockets with space for 1-litre bottle
- Front footwell net
- Glasses holder integrated into roof module
- Parking ticket holder in sun visor
- Storage compartment in door armrest with space for small umbrella
- Two cup-holders in centre console

Front sun visors with illuminated vanity mirrors

Keyless go

Lower inlays in highly-polished black

Upper inlays in Walnut brown

Luggage compartment pack

Rear passenger storage:
- 12V socket
- Centre armrest with storage compartment and two cup holders
- Door storage pockets
- Luggage net
- Two integrated bag hooks
- Umbrella holder

Exterior equipment

Body coloured door mirrors, handles and bumpers

Aluminium trim strips framing windows

Twin exhaust pipes, one on each side

Metallic or pearl-effect paint

Automatically opening boot lid

Windscreen washer jets, heated

Upper inlays in Walnut brown and lower inlays in highly-polished black

Keyless go

SE Executive model equipment

In addition to SE model equipment

Basic RRP
£2,170.83

Total RRP inc VAT
£2,605.00

Wheels, tyres and suspension

19” x 9J ‘5-arm’ design alloy wheels with 255/45 R19 tyres

quattro with Sports differential. The electronically regulated Sports differential distributes variable amounts of driving force to each rear wheel ensuring outstanding acceleration performance when cornering, better direct steering characteristics and more agile handling (standard on 4.2 TDI only)

Safety and security

Audi parking system advanced with reversing camera. Aids parking by acoustically and visually indicating distances to obstacles with guiding lines. Measured by sensors and reversing camera

Interior equipment

Lower inlays in brushed aluminium

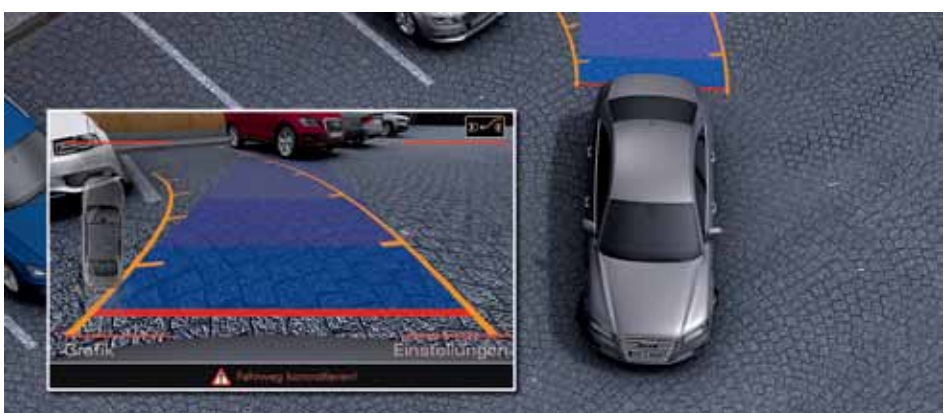
Advanced key – keyless entry and keyless go

Exterior equipment

Power-operated boot lid which opens and closes electrically. Opened via radio-operated remote car key, button in the driver’s door or the soft-touch button in the boot-lid recess. Closed by pressing the button on the inside of the boot lid

Audi hands-free boot opening system. Allows the opening of the boot lid by a simple foot movement underneath the rear bumper to trigger the automatic opening of the tailgate

19” x 9J ‘5-arm’ design alloy wheels



Audi parking system advanced

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.

VBG 114

Sport Executive model equipment

In addition to SE Executive model equipment

Basic RRP
£2,500.00

Total RRP inc VAT
£3,000.00*

Wheels, tyres and suspension

20" x 9J '5-segment spoke' design alloy wheels with 265/40 R20 tyres

Seats

Comfort front Sports seats with memory function (22-way adjustable). As standard seat, plus:

- Stitched diamond design with perforated leather seat-front
- Electrically adjustable upper backrest
- Electrically adjustable seat cushion depth
- Electrically adjustable comfort headrests
- Pneumatic lumbar support
- Pneumatic side bolster adjustment

Audio and communication

BOSE® surround sound system. Includes:

- 14 high-performance speakers including subwoofer
- Two tweeters and a centre speaker in dashboard
- Two bass modules with BOSE® Acoustic Wave speaker technology and two mid-range driver speakers in front doors
- Two mid-range speakers in doors and two tweeters in the B pillars in rear doors
- A subwoofer and two surround-sound speakers in parcel shelf
- 12-channel DSP amplifier with over 600 Watt output, located in boot
- Surround sound reproduction from digital 5.1 recordings (DVD) and from stereo sources (CD, Radio, MP3) via the patented BOSE® Centerpoint 2 technology
- Speaker trim design with chromed plastic frames, protector and BOSE® logo

Safety and security

Audi parking system advanced with top view. Aids parking and manoeuvring using 4 cameras. Cameras are mounted in the front grille, the handle of the boot lid and the housing of the two exterior mirrors. The driver can choose between different image representations in the MMI display, including a live "bird's eye view" image for parking

All-LED headlights including high-beam assist. LEDs for all front lighting functions. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow), turning-light function which is activated when indicator is switched on (up to speeds of 45mph), and an additional motorway light which automatically increases headlight range at speeds above approximately 68mph. Also includes high-beam assist which automatically adjusts headlights from high-beam to dipped-beam when another vehicle is approaching or when other ambient lighting is detected (i.e. street lights) by a camera on the interior mirror

3-spoke multi-function steering wheel with gear-shift paddles

BOSE® surround sound system

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.
* Valid for new vehicle orders placed up to and including 31 March 2013. Offers are subject to availability.

Interior equipment

3-spoke multi-function steering wheel with gear-shift paddles

Exterior equipment

Privacy glass. Dark tinted glass from the B-pillar backwards

Hybrid model equipment

In addition to SE model equipment

Engine and transmissions

75 litre fuel tank

Wheels, tyres and suspension

19” x 9J ‘10-arm turbine’ design alloy wheels with 255/45 R19 tyres

Tyre repair kit*

Audio and communication

BOSE® surround sound system. Includes:

- 14 high-performance speakers including subwoofer
- Two tweeters and a centre speaker in dashboard
- Two bass modules with BOSE® Acoustic Wave speaker technology and two mid-range driver speakers in front doors
- Two mid-range drivers in doors and two tweeters in the B pillars in rear doors
- A subwoofer and two surround sound speakers in parcel shelf
- 12 channel DSP amplifier with over 600 Watt output located in boot
- Surround sound reproduction from digital 5.1 recordings (DVD) and from stereo sources (CD, Radio, MP3) via the patented BOSE® Centerpoint 2 technology
- Speaker trim design with chromed plastic frames, protector and BOSE® logo

Safety and security

All-LED headlights including high-beam assist. LEDs for all front lighting functions. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow), turning light function which is activated when indicator is switched on (up to speeds of 45mph), and an additional motorway light which automatically increases headlight range at speeds above approximately 68mph. Also includes high-beam assist which automatically adjusts headlights from high-beam to dipped-beam when another vehicle is approaching or when other ambient lighting is detected (i.e. street lights) by a camera on the interior mirror

19” x 9J ‘10-arm turbine’ design alloy wheels

Illuminated door sill trims with hybrid logo

Hybrid instrument panel including Power meter

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.
*Please note that this replaces the space-saver spare wheel.

Interior equipment

Deluxe 3-zone climate control including rear comfort centre armrest. As standard climate control plus:

- Separate air distribution and temperature controls for driver, front passenger and the rear
- Additional air conditioning controls and unit in the rear comfort centre armrest
- Rear passenger climate can also be adjusted via the front control panel

Power meter. Replaces the conventional rev counter on the instrument panel, keeping the driver informed of the vehicles current operating situation. This includes the charge status of the lithium-ion battery, possible range for electric driving, combustion engine output and when the vehicle is ready to be operated

EV button. Located on the centre console and can be used to keep the vehicle in electric-only mode provided no system limits are exceeded. In EV mode, the vehicle can be driven purely on electric power for short distances

Illuminated door sill trims with hybrid logo

Hybrid luggage set. Tailored luggage set for the luggage compartment of the Audi A8 hybrid. Includes two suitcase trolleys (63l each) and two cabin trolleys (40l each) with polycarbonate shells, nylon fabric, telescopic leather-wrapped handles and smooth running wheels. Also includes a shoe bag (20l) for up to 2 pairs of shoes

Exterior equipment

Hybrid badges on front wings and at rear

For more information regarding the Audi A8 hybrid drive please speak to your local Audi Centre

Hybrid Executive Package (WB4)

Audi parking system advanced with reversing camera

Lower inlays in brushed aluminium

Advanced key – keyless entry and keyless go

Power-operated bootlid

Audi hands-free boot opening system

Basic RRP
£1,250.00

Total RRP inc VAT
£1,500.00

Long wheelbase model equipment

In addition to SE model equipment

Basic RRP
£3,304.17

Total RRP inc VAT
£3,965.00

Seats

Heated front and outer rear seats

Interior equipment

130mm of additional legroom for rear passengers

Electric sunblinds for rear window and for rear door windows

LED ambient lighting package, plus:

- Illumination of rear centre console, 3-colour LED

Deluxe 4-zone climate control* including rear comfort centre armrest. As standard climate control plus:

- Separate air distribution and temperature controls for driver, front passenger and both sides in the rear
- Additional air conditioning controls and unit in the rear comfort centre armrest
- Residual heat utilisation – the heating system will use the heat generated from the engine to keep the car warm after the ignition has been switched off
- Footwarmer – a higher/lower temperature can be set for the driver and passenger footwells whilst maintaining a different temperature for the main cabin area
- Indirect air regulation – once cabin is up to desired temperature, heated/cooled air is only circulated via the vents at the base of the windscreen and flows around the car, meaning air is not directly blown at driver/passengers
- Rear passenger climate can also be adjusted via the front control panel

Exterior equipment

Electric slide-and-tilt sunroof. Includes position pre-selection, tinted glass insert, variable sunshield and convenience closing

Deluxe 4-zone climate control

Electric slide-and-tilt sunroof

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.
*Please note that this is replaced by deluxe 3-zone climate control on A8 hybrid long wheelbase. Please see page 31 for more information

S8 model equipment

In addition to SE Executive model equipment

Wheels, tyres and suspension

20” x 9J ‘5-parallel spoke S’ design alloy wheels with 265/40 R20 tyres

quattro with Sports differential. The electronically regulated Sports differential distributes variable amounts of driving force to each rear wheel ensuring outstanding acceleration performance when cornering, better direct steering characteristics and more agile handling

‘S’ Sports adaptive air suspension with electronic shock-absorption control – additional stiffer damping. Vehicle height can be decreased by up to 10mm. Increased functionality through Audi drive select

Dynamic steering. Steering angle and steering torque requirement adjusted dependent on road speed. Can also be adjusted through Audi drive select. ESP uses the dynamic steering function along with the brakes to apply active steering interventions when the vehicle is over or under-steering

Seats

Valcona leather

‘S’ Comfort front Sports seats with memory function (22-way adjustable). As standard seat plus:

- Stitched diamond design with perforated leather seat front
- Electrically adjustable upper backrest
- Electrically adjustable seat cushion depth
- Electrically adjustable comfort headrests
- Pneumatic lumbar support
- Pneumatic side bolster adjustment

Audio and communication

Mobile telephone preparation – High with Audi connect.* A mobile phone can be connected to the internal UMTS (3G) module via Bluetooth (provided the mobile telephone has SIM Access Profile), or alternatively through the additional SIM card reader. It is possible to transfer phone book entries to the car and manage call lists.

Audi connect features include:

- Navigation using Google Earth images and Google Street View
- Destination entry via Google Maps or myAudi
- Online point of interest search and information services such as weather forecasts and the latest world news
- Audi traffic information online, which gives exact and accurate real-time forecasts of the traffic situation along the chosen route
- Wi-Fi hotspot in the car for convenient internet access using a mobile device (e.g. laptop or tablet)

BOSE® surround sound system. Includes:

- 14 high-performance speakers including subwoofer
- Two tweeters and a centre speaker in dashboard
- Two bass modules with BOSE® Acoustic Wave speaker technology and two mid-range driver speakers in front doors
- Two mid-range drivers in doors and two tweeters in the B pillars in rear doors

20” x 9J ‘5-parallel spoke S’ design alloy wheels

‘S’ Comfort front Sports seats in Lunar silver Valcona leather

*Please see page 78 for important information and restrictions regarding Audi connect.

- A subwoofer and two surround sound speakers in parcel shelf
- 12 channel DSP amplifier with over 600 Watt output located in boot
- Surround sound reproduction from digital 5.1 recordings (DVD) and from stereo sources (CD, Radio, MP3) via the patented BOSE® Centerpoint 2 technology
- Speaker trim design with chromed plastic frames, protector and BOSE® logo

CD/DVD changer for 6 DVDs and/or CDs (MP3, WMA, AAC and WMV formats) located in the glovebox

Safety and security

'S' model enhanced braking system

All-LED headlights including high-beam assist. LEDs for all front lighting functions. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow), turning light function which is activated when indicator is switched on (up to speeds of 45mph), and an additional motorway light which automatically increases headlight range at speeds above approximately 68mph. Also includes high-beam assist which automatically adjusts headlights from high-beam to dipped-beam when another vehicle is approaching or when other ambient lighting is detected (i.e. street lights) by a camera on the interior mirror

Interior equipment

3-spoke 'S' multi-function steering wheel with gear-shift paddles and contrast stitching

Illuminated door sill trims with S8 logo

Extended leather package plus. Fine Nappa leather with decorative stitching on:

- Door armrest
- Centre console
- Knee pads
- Airbag cover on steering wheel
- Bottom of door panels
- Door pockets
- Bottom of instrument panel including exterior of glove compartment
- Area surrounding the MMI

Alcantara package. With headlining, A, B, C, D pillars and parcel shelf in Alcantara

Gear selector lever in Carbon Atlas

Upper inlays in Carbon Atlas

Lower inlays in brushed aluminium

'S' instrument dials, in grey with white needles and S8 badge

Active noise cancellation. Effectively compensates for interference noise inside the car, depending on the interior noise level and engine speed. Four microphones installed in the roof lining register background engine noise and, if necessary, a precisely calculated antiphase sound is emitted through the car's internal sound system

Exterior equipment

Aluminium-effect door mirror housings

Dual-branch oval twin tailpipes in chrome finish

'S' platinum grey single frame grille with dual struts in chrome and S8 logo

Painted black brake callipers with S8 logo

'S' body styling

V8T badge on front wings

Inlays and gear selector lever in Carbon Atlas

'S' instrument dials

IN S 801

W12 long wheelbase model equipment

In addition to long wheelbase SE Executive model equipment

Wheels, tyres and suspension

19" x 9J '15-spoke' design partly polished alloy wheels with 255/45 R19 Y tyres

Audio and communication

Mobile telephone preparation – High with Audi connect.* A mobile phone can be connected to the internal UMTS (3G) module via Bluetooth (provided the mobile telephone has SIM Access Profile), or alternatively through the additional SIM card reader. It is possible to transfer phone book entries to the car and manage call lists. Audi connect features include:

- Navigation using Google Earth images and Google Street View
- Destination entry via Google Maps or myAudi
- Online point of interest search and information services such as weather forecasts and the latest world news
- Audi traffic information online, which gives exact and accurate real-time forecasts of the traffic situation along the chosen route
- Wi-Fi hotspot in the car for convenient internet access using a mobile device (e.g. laptop or tablet)

BOSE® surround sound system. Includes:

- 14 high-performance speakers including subwoofer
- Two tweeters and a centre speaker in dashboard
- Two bass modules with BOSE® Acoustic Wave speaker technology and two mid-range driver speakers in front doors
- Two mid-range drivers in doors and two tweeters in the B pillars in rear doors
- A subwoofer and two surround sound speakers in parcel shelf
- 12 channel DSP amplifier with over 600 Watt output, located in boot
- Surround sound reproduction from digital 5.1 recordings (DVD) and from stereo sources (CD, Radio, MP3) via the patented BOSE® Centerpoint 2 technology
- Speaker trim design with chromed plastic frames, protector and BOSE® logo

CD/DVD changer for 6 DVDs and/or CD's (MP3, WMA, AAC and WMV formats) located in the glovebox

Car phone in centre armrest

Safety and security

All-LED headlights including high-beam assist. LEDs for all front lighting functions. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow), turning-light function which is activated when indicator is switched on (up to speeds of 45mph), and an additional motorway light which automatically increases headlight range at speeds above approximately 68mph. Also includes high-beam assist which automatically adjusts headlights from high-beam to dipped-beam when another vehicle is approaching or when other ambient lighting is detected (i.e. street lights) by a camera on the interior mirror

19" x 9J '15-spoke' design partly polished alloy wheels

All-LED headlights including high-beam assist

Illuminated door sill trims with W12 logo

*Please see page 78 for important information and restrictions regarding Audi connect.

Seats

Valcona Leather

Comfort front seats with memory function (22-way adjustable). As standard seat plus:

- Comfort look design
- Electrically adjustable upper backrest
- Electrically adjustable seat cushion depth
- Electrically adjustable comfort headrests
- Pneumatic lumbar support
- Pneumatic side bolster adjustment

Individual electrically adjustable rear seats with memory function (12-way adjustable) including:

- Electrically adjustable forwards and backwards including backrest angle
- Electrically adjustable upper backrest
- Pneumatic lumbar support with electric adjustment
- Comfort rear headrests with manually adjustable sides

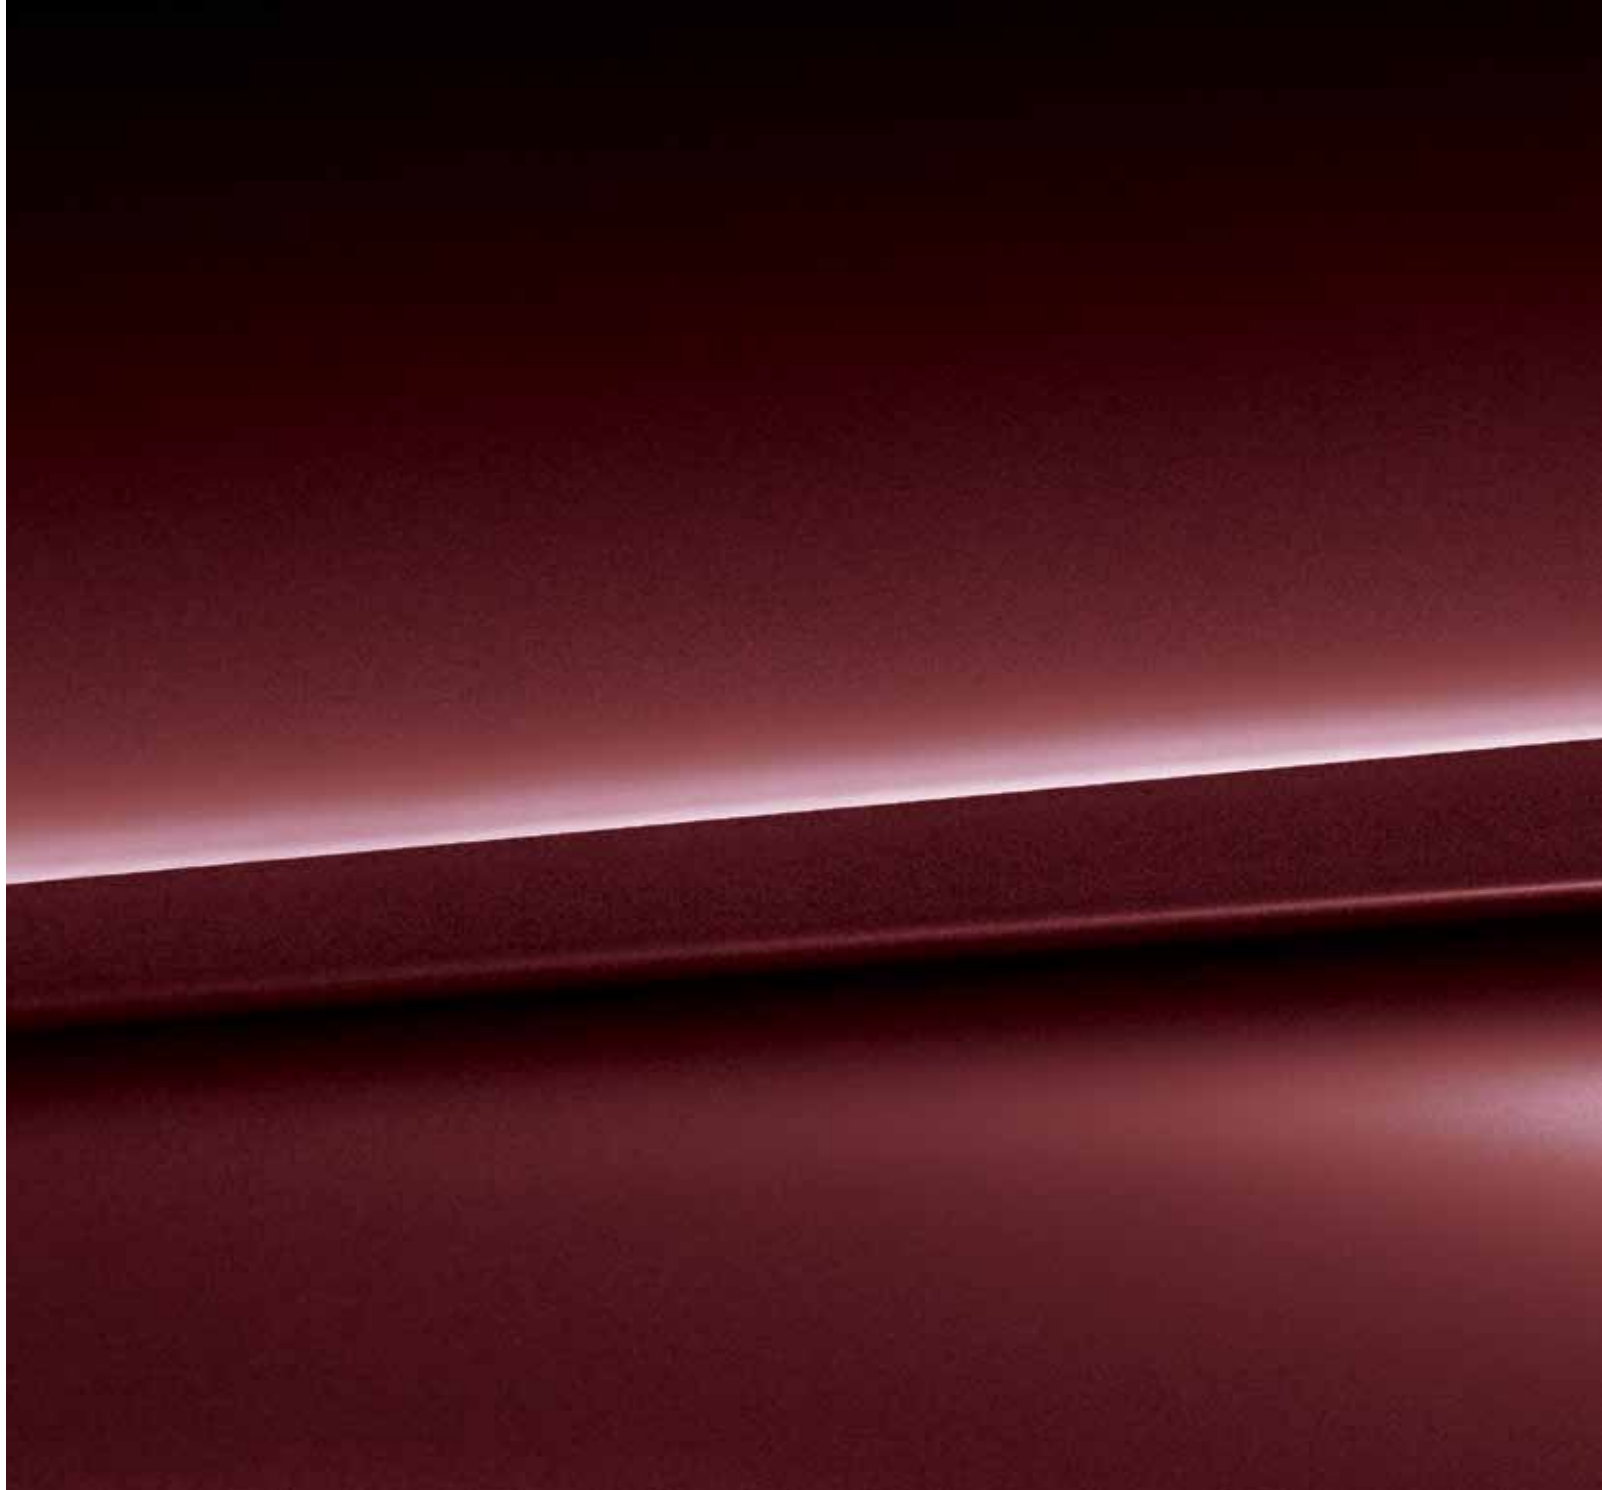
Audi exclusive

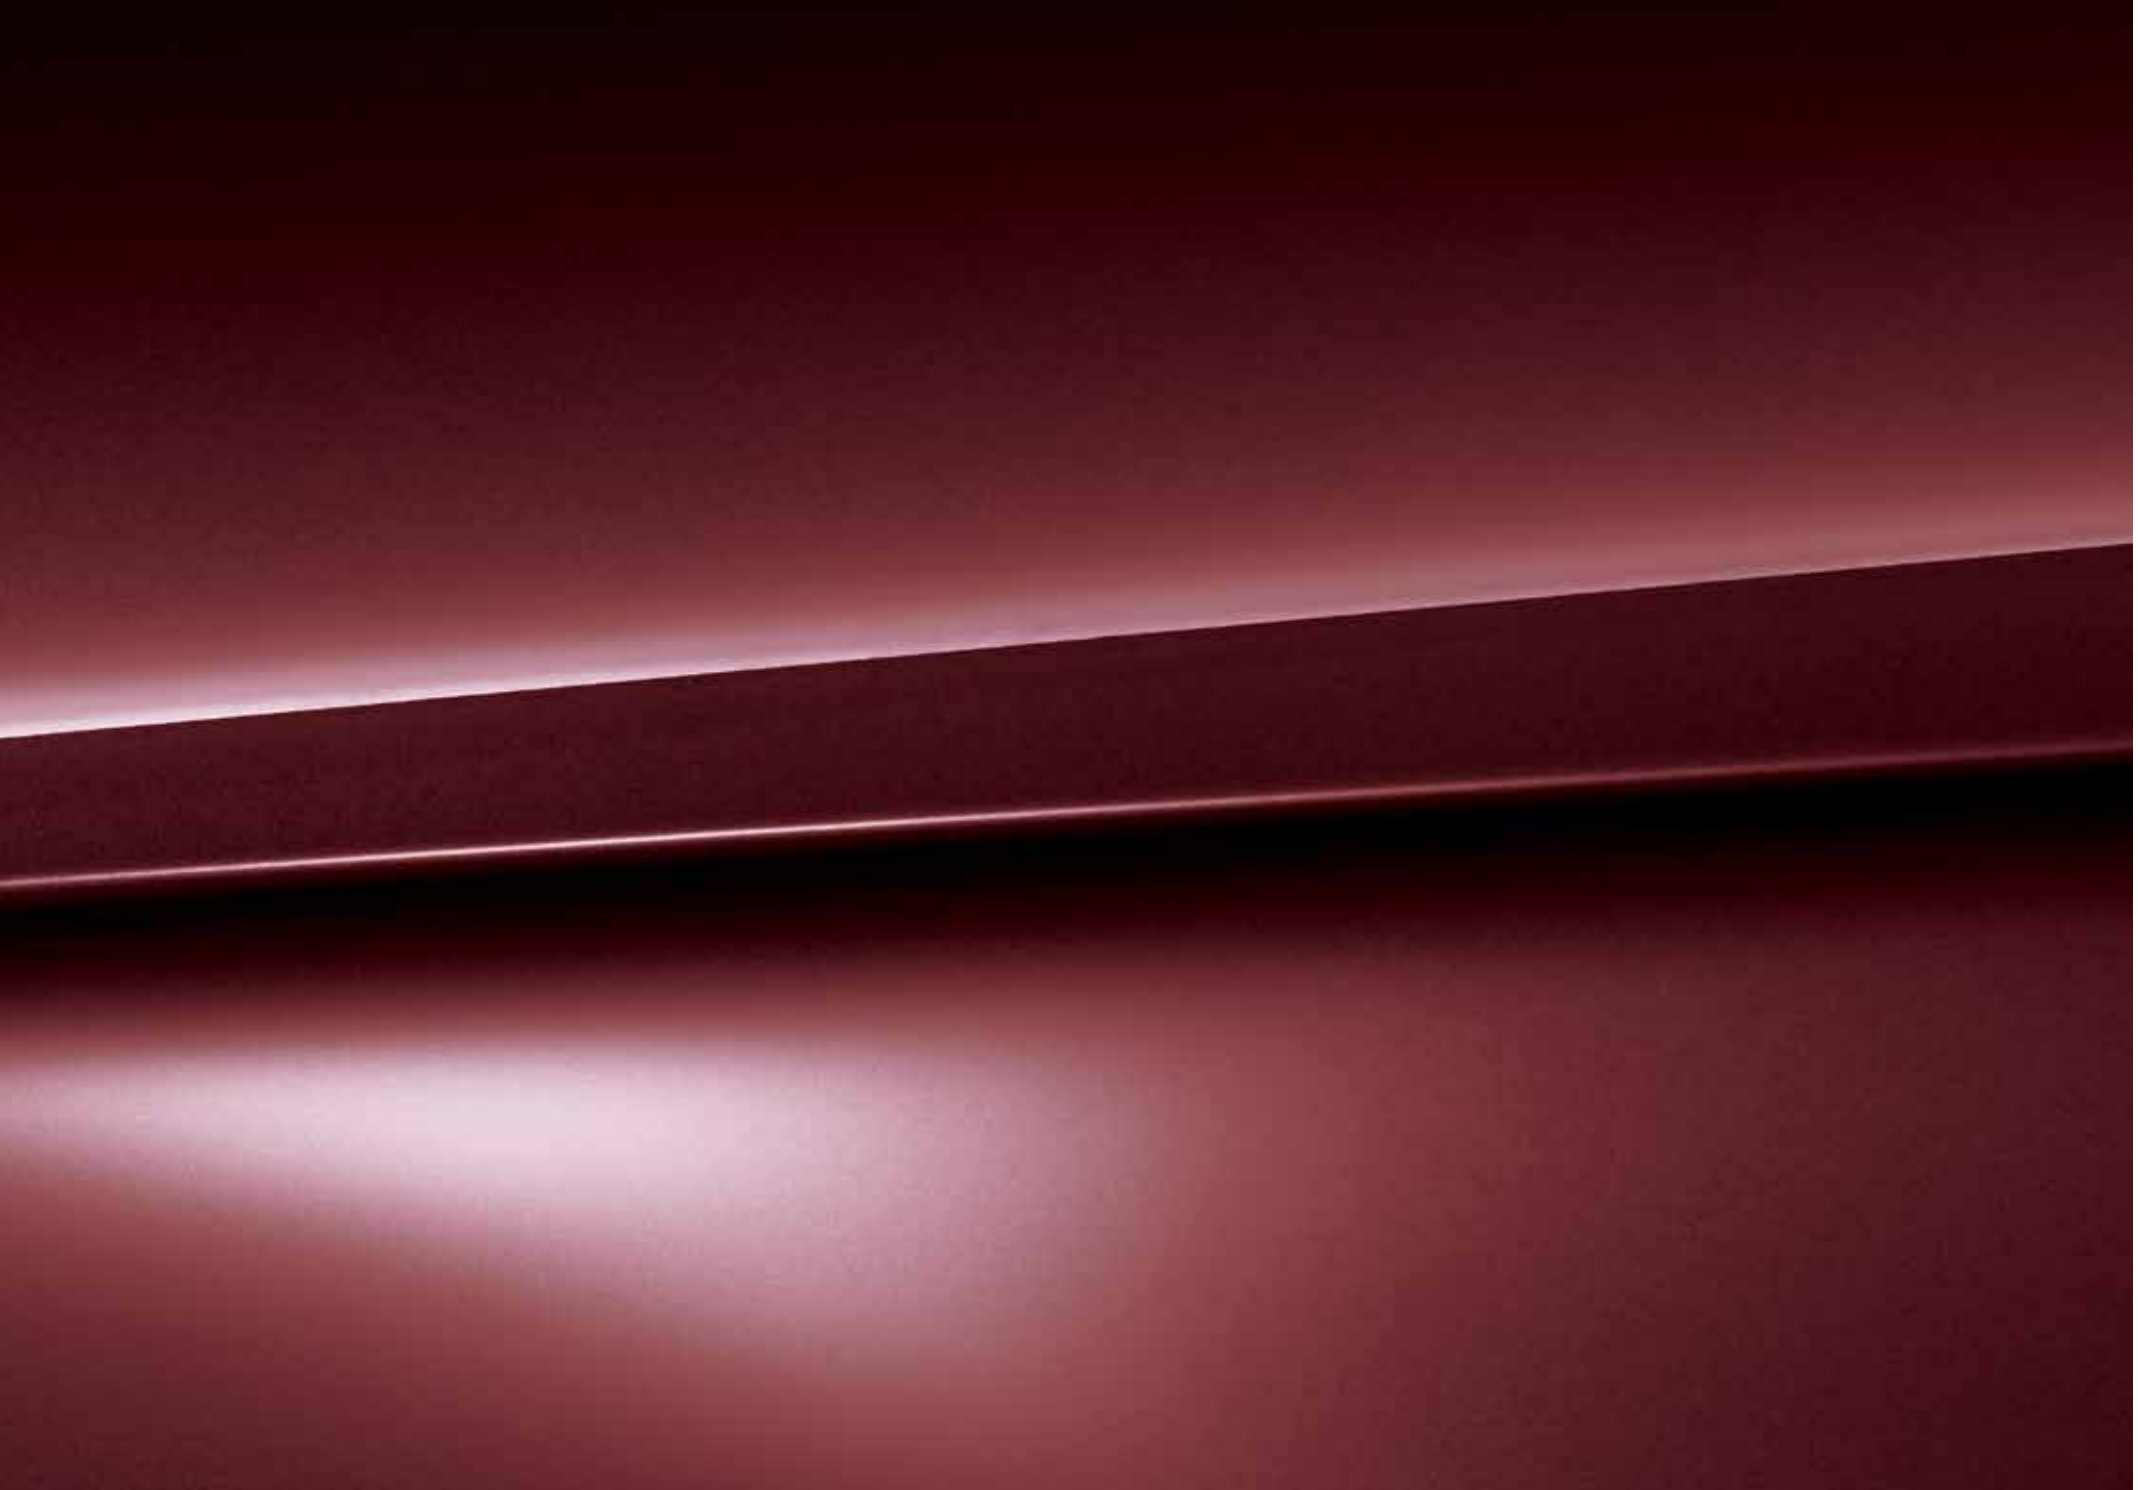
Every Audi is intrinsically exclusive.
It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that special touch you can specify your new A8 with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined.

Both the exclusive and standard options can be found on the following pages.

Paint choices

We believe that every part of your car should have a personal touch. Which is why you can choose from a wide range of paint colours and finishes, from standard shades to metallic and pearl effects. We can even mix a customised colour for you to create the perfect fit.

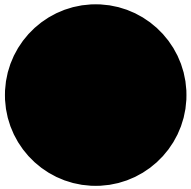




Paint

You can either select one of the colours shown opposite or an Audi exclusive range colour

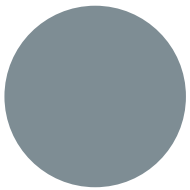
Standard colours



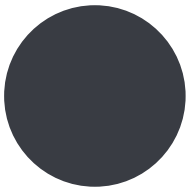
Brilliant black – **A2**

Ibis white – **T9**

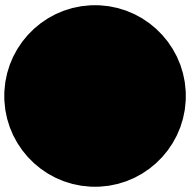
Glacier white, metallic – **2Y**



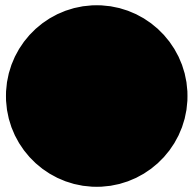
Quartz grey, metallic – **Q4**



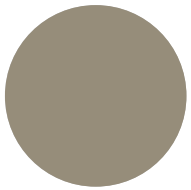
Oolong grey, metallic – **4N**



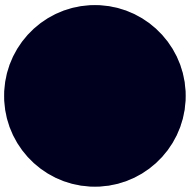
Havanna black, metallic – **4J**



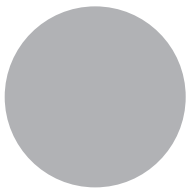
Phantom black, pearl effect – **L8**



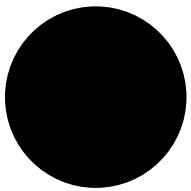
Impala beige, pearl effect – **T2**



Night blue, pearl effect – **7X**



Ice silver, metallic – **P5**

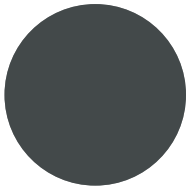


Emerald black, metallic – **3G**

Hybrid colour

Arctic silver, metallic – **Y0**

S8 colours



Daytona grey, pearl effect – **6Y**

Prism silver, crystal effect – **T0**

Options are subject to availability and may extend delivery.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

RRP – Recommended Retail Price.

Upholstery

It’s important to feel comfortable on the road. Just choose from our range of luxury upholstery materials and textures, including additional support and colour options, for complete relaxation while you drive.

Upholstery and seats

Standard seats and upholstery

12-way electrically-adjustable seats with electric lumbar support and memory function. You can also choose your favourite upholstery from the swatches shown opposite to give your car's interior the look and feel you want.

Seating options

If you choose Standard seats you can also take advantage of heated front and outer rear seats. For more luxurious options, select either Comfort seats or Comfort Sports seats.

Options are subject to availability and may extend delivery.

Comfort seats (PS8) with seat ventilation, front and outer rear (4D1) in Silk beige Valcona leather

Upholstery

Audi exclusive

With Audi exclusive, you can specify your seats in an array of different colours shown to the right.

Select just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery.* Whatever combination you decide upon, we think you'll be extremely comfortable with the result.

*Due to safety considerations contrast stitching is not available on the dashboard windscreen side.

Also available:

Alcantara: available in all the Audi exclusive colours shown, except for Crimson red, Jet grey and Sand beige. Alcantara equivalents are Chilli red, Amethyst grey, and Sesame beige respectively.

Carpet: available in all the Audi exclusive colours shown.

Dashboard: available in Havanna brown, Saddle brown, Chestnut brown, Cognac brown, Classic red, Crimson red, Jet grey, Night blue, Smoky blue and Iceland green.

Please consult your Audi Centre for examples of Alcantara and carpet colours.

9ZW	**Mobile telephone preparation – High with Audi connect.** A mobile phone can be connected to the internal UMTS (3G) module via Bluetooth (provided the mobile telephone has SIM Access Profile[1]), or alternatively through the additional SIM card reader[2]. It is possible to transfer phone book entries to the car and manage call lists. Audi connect features include: navigation using Google Earth images and Google Street View, destination entry via Google Maps or myAudi, online point of interest search and information services such as weather forecasts and the latest world news. Audi connect also includes Audi traffic information online, which gives accurate real-time forecasts of the traffic situation along the chosen route. The traffic situation can be displayed on the navigation map or Google Earth image. Audi connect can also create a Wi-Fi hotspot in the car for convenient internet access using a mobile device (e.g. laptop or tablet)[3]. Many Audi connect features can be simply operated via MMI Navigation Plus, the multi-function steering wheel or the voice control system	●	●	●	●	●	●	●	●	S	S	£291.67	£350.00

Order Code		SE	SE Executive	Sport Executive	Hybrid	SE L	SE Executive L	Sport Executive L	Hybrid L	S8	W12 L	Basic RRP	Total RRP inc VAT
7Y2	**Audi lane assist.** Uses a discreet camera mounted at the top of the windscreen to monitor the road ahead, and the driver is warned with a vibration of the steering wheel if the vehicle is about to exit its lane unintentionally (at speeds over 38mph). Only in combination with a 4-spoke multi-function steering wheel (2ZS or 2ZD)	•	•	•	•	•	•	•	•	•	•	£425.00	£510.00
PCH	**Audi side assist including pre-sense rear.** Aids the driver when changing lane. Audi side assist monitors the area behind your car, using radar sensors located discreetly in the rear bumper, and informs the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind. The system is activated using a button in the driver's door and works at speeds above 19mph. Pre-sense rear uses the rear sensors, and if a rear collision is sensed, the upper backrest and headrest are adjusted automatically and the airbags are pre-conditioned to provide increased protection. When combined with Comfort front Sports seats (PS1) the pneumatic bolsters are also filled to provide more protection	•	•	•	•	•	•	•	•	•	•	£437.50	£525.00
PCH 7Y3	**Audi side assist and Audi lane assist including pre-sense rear.** Combines the functionality of Audi lane assist and Audi side assist including pre-sense rear. Only in combination with a 4-spoke multi-function steering wheel (2ZS or 2ZD)	•	•	•	•	•	•	•	•	•	•	£750.00	£900.00
PCG	**Adaptive cruise control (ACC) with Stop&Go function including pre-sense front.** Automatic distance regulation, using radar sensors to maintain required distance by braking and accelerating. Four programs (distance 1 to distance 4) can be set via the steering column controls of the cruise control system. Works at speeds between 0 and 155mph and also includes Audi braking guard system which triggers a visual and acoustic alarm when the system detects the risk of a collision with the vehicle in front. In addition, the airbags are pre-conditioned if a crash is sensed and the braking system is prepared to assist with the necessary braking force once the brake pedal is touched	•	•	•	–	•	•	•	–	•	•	£1,108.33	£1,330.00

PCN 7Y3	**Audi Assist package with pre-sense plus and Audi lane assist** Includes: - Audi adaptive cruise control with Stop&Go function including pre-sense front - Audi lane assist - Audi side assist including pre-sense rear - Pre-sense plus, an expansion of the Audi braking guard, where if a collision is classified as unavoidable the brakes are applied automatically in order to minimise the impact of the collision. Only in combination with a 4-spoke multi-function steering wheel (2ZS or 2ZD)	●	●	●	–	●	●	●	–	●	●	£1,858.33	£2,230.00
KA2	**Audi parking system advanced with reversing camera.** Aids parking by acoustically and visually indicating distances to obstacles with guiding lines. Measured by sensors and reversing camera	●	S	–	●	●	S	–	●	S	S	£333.33	£400.00
KA6	**Audi parking system advanced with top view.** Aids parking and manoeuvring using 4 cameras. Cameras are mounted in the front grille, the handle of the boot lid and the housing of the two exterior mirrors. The driver can choose between different image representations in the MMI display, including a live "bird's eye view" image for parking	● –	– ●	– S	● –	● –	– ●	– S	● –	– ●	– ●	£750.00 £416.67	£900.00 £500.00
PXB	**Adaptive light and high-beam assist.** Includes swivelling headlights for improved illumination of a winding road, and dynamic cornering light function which pivots the headlights based on the movement of the steering wheel (operational between speeds of approximately 6mph and 68mph). Turning light function is activated when indicator is switched on (up to speeds of 45mph). The headlights have three different light distribution modes: town light, motorway light, or country light, which are adjusted according to speed or via navigation route data. Additional functionality via navigation-based vehicle support includes junction light, which provides a wide front light setting, as well as travel mode, which switches between right and left-hand drive modes assisted by GPS data. High-beam assist automatically adjusts headlights from high-beam to dipped-beam when another vehicle is approaching or when other ambient lighting is detected (i.e. street lights) by a camera on the interior mirror. Not available in combination with all-LED headlights including high-beam assist (PX2)	●	●	–	–	●	●	–	–	–	–	£500.00	£600.00

Safety and security

Order Code		SE	SE Executive	Sport Executive	Hybrid	SE L	SE Executive L	Sport Executive L	Hybrid L	S8	W12 L	Basic RRP	Total RRP inc VAT
PX2	**All-LED headlights including high-beam assist.** LEDs for all front lighting functions. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow), turning light function which is activated when indicator is switched on (up to speeds of 45mph), and an additional motorway light which automatically increases headlight range at speeds above approximately 68mph. Also includes high-beam assist which automatically adjusts headlights from high-beam to dipped-beam when another vehicle is approaching or when other ambient lighting is detected (i.e. street lights) by a camera on the interior mirror. Not available in combination with Adaptive light and high-beam assist (PXB)	•	•	S	S	•	•	S	S	S	S	£1,533.33	£1,840.00
9R1	**Night vision assistant with pedestrian detection.** A thermal imaging camera (remote infrared with resolution of 320x240 pixels) registers heat dissipation in front of the vehicle and represents this image in the 7" Driver's Information System display. Image recognition software highlights people detected in the darkness in yellow, and if the system classifies them as being at risk, a warning bell is sounded and the image changes to red. If combined with Adaptive light and high-beam assist (PXB) the person detected is also illuminated by the headlights three times in succession to alert them to the danger. System operation may be restricted in too much ambient light, high humidity and high night time temperatures (over 28℃)	•	•	•	•	•	•	•	•	•	•	£1,279.17	£1,535.00
QR9	**Speed limit display –** the prevailing speed limit can be simply read from the Driver's Information System. Should the camera fail to see a sign properly, the speed limit from the data for the navigation system will be shown instead. The specific advantages are: - Display of the speed limits currently registered, which can be called up in the Driver's Information System at any time - Display can be called up in every instrument cluster view - Camera-based system is also capable of detecting temporary speed restrictions in roadworks and on digital displays (e.g. over motorways) within the system limits - Display of national speed limits for Western European countries Only available with Audi lane assist (7Y2), adaptive cruise control (PCG), or Audi assist package with pre-sense plus and Audi lane assist (PCN/7Y3)	•	•	•	•	•	•	•	•	•	•	£208.33	£250.00

Audi Complete

Audi Complete is simply a way to look after the servicing and maintenance costs for your Audi in a single package. You pay a one-off or monthly fee and we'll cover all your servicing, maintenance and tyres for the next three years, including your first MOT. It means you only have to pay for fuel, insurance and your Road Fund Licence. So you can be reassured that your car will be maintained by trained Audi Technicians, using genuine Audi parts.

*Retail customers only. Pricing based on 3 years/30,000 miles (whichever occurs sooner). All pricing is a 'starting from' price for the Audi A8 model range and therefore subject to change and mileage/model dependent

Order Code			A8	Hybrid	S8	W12 L	Basic RRP	Total RRP inc VAT
–	**Audi Complete – Service and Maintenance.** Comprehensive care for your Audi covering all your servicing and maintenance for 3 years, as well as your first MOT. Service Plan

Choosing an Audi Service Plan provides an easy way to cover all your car's scheduled servicing with a one-off payment. It can take care of everything from fluid and filter changes to your full service, ensuring you retain a full Audi service history. There are no servicing bills to plan for and you'll continue to benefit from today's prices for the length of your agreement.

Order Code		A8	Hybrid	S8	W12 L	Basic RRP	Total RRP inc VAT

*Electronically limited

[1]The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

[2]Regulated

[3]Fuel consumption and CO_2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at www.vca.gov.uk.

[4]Vehicle unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

[5]The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Additional information

CO_2 data and information

CO_2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO_2) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£100.00
E – 131 to 140g/km	£120.00	£120.00
F – 141 to 150g/km	£135.00	£135.00
G – 151 to 165g/km	£170.00	£170.00
H – 166 to 175g/km	£275.00	£195.00
I – 176 to 185g/km	£325.00	£215.00
J – 186 to 200g/km	£460.00	£250.00
K – 201 to 225g/km	£600.00	£270.00
L – 226 to 255g/km	£815.00	£460.00
M – over 255g/km	£1,030.00	£475.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service Schedule has fixed intervals for the Oil-change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service Schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Audi Complete

Your vehicle should be placed on the following service schedules dependent on your mileage per annum:

- Under 10,000 miles per annum – Fixed Inspection Service Schedule
- Over 10,000 miles per annum – LongLife Service Schedule

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving
	Service Intervals:
Oil-change Service	Fixed to every 9,000* miles/1 year
Inspection Service	Fixed to every 19,000* miles/2 years

Variable LongLife Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000* miles/2 years
Inspection Service	Fixed to every 19,000* miles/2 years

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all of our Centres will be open as follows:

Sales:	Monday to Friday 9am–6pm
	Saturday 9am–5pm
Service:	Monday to Friday 8am–6pm
	Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or place of work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our network of Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All of our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur. As part of our commitment to you, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

We continually gather feedback from our Audi Trained Technicians, as well as our customers, to ensure our vehicles are running as they should. Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20% but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the vehicle price.

Delivery charge	£471.66
Number plate	£20.00
VAT	£98.34
Total	£590.00

Audi Roadside Assistance

Your new car comes complete with complimentary roadside assistance and recovery across the UK provided by RAC Motoring Services. Also included is roadside assistance throughout Europe, managed by RAC Motoring Services.

For further information and terms and conditions please visit audi.co.uk

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- A 3-year paint warranty
- A 12-year anti-corrosion warranty
- 3 years' UK roadside assistance and recovery

You also have the option when ordering your new car of choosing a four-year or five-year Audi warranty. Speak to a member of the sales team for more information.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is the full range of finance products.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

We want you to start enjoying your new car from day one and thanks to Audi Insurance complimentary seven day cover, you can. Call free on 0800 316 7893 (lines are open Monday to Friday 8am - 9pm, and Saturday 9am - 5pm), provide a few details and a cover note will be sent to your Audi Centre. They will then tax your car and you can drive it away.
